Descripton of accommodation

Anteroom and kitchen are combined and the French balcony (looking into the courtyard) invites you to an extensive breakfast.

The combination of living and dining room is suitable for relaxation, lingering and cozy evenings with friends. The special highlight of the apartment is a tiled stove, which creates a very special atmosphere in the winter months. The apartment has a gas heating system, which also provides hot water. The bathroom is small, but nice and can be described as functional.

The quiet bedroom, facing the inner courtyard, has a massive real wood bed (180x200) and an above-average wardrobe, which not only offers storage space for clothes.
