Descripton of accommodation

The apartment was largely refurbished in 2022 so that you can rest in a new box spring bed in the bedroom and if there are more than 2 people, we have provided a sofa bed to ensure that there is also suitable accommodation for the night. The kitchen is fully equipped so that you only have to buy groceries in the supermarket around the corner (Spar, Hofer, Lidl) and you can start cooking. After the work is done, you have the opportunity to prepare for a sauna session under the rainforest shower and then to relax on the terrace. It can also be made available its gas barbecue or one is on the terrace in the evening. In bad weather, we have provided a separate dining area directly next to the kitchen. Built-in cupboards provide enough storage space, so you can be sure that you can store your clothes sensibly.
