Descripton of accommodation

The room is relatively quiet and has two windows, which provide good ventilation during the hot summer. It's important to mention that I usually have my mattress on the loft bed and sleep there, but there is also a pull-out sofa that can be used as an alternative.

From morning until afternoon, the room is very bright and receives plenty of sunlight through the window.

The room is not a pass-through room, so you can easily retreat and have privacy.

Location:

Our apartment is centrally located in the heart of Graz, right next to the city park. There is a supermarket just 50 meters away from the front door. The city center, Technical University, and Karl-Franzens University are easily accessible on foot.

Shared living:

We have three very nice roommates, although they are not around as much during the summer. :) In our living room, there is a large couch for relaxation.
