Descripton of accommodation

Anyone who comes to Salzburg for work and is looking for a place to stay temporarily (1 to 6 months) for the duration of a project is in good hands here. You live on the second floor, on the quiet, street-facing east side of a large apartment building. The 33 m² living space of the small but fine apartment has been renovated and is being offered completely furnished, including TV (to be renewed). A newly laid, high-quality wooden floor made of natural oak creates a cozy living atmosphere. The bathroom scores with a bathtub, toilet and glass tiles. The large built-in wardrobe in the anteroom creates a lot of storage space. The new made-to-measure fitted kitchen from the carpenter provides culinary delights in the practical kitchen niche with electrical appliances, a small dishwasher and its own food. There is also space for a dining table and armchair. And the new windows from Heuberger also stand for quality and good prospects. The L-shaped living room has its own sleeping alcove. Last but not least, the small space miracle will delight future tenants with a 4 m² loggia with a view of a park-like residential complex and the Gaisberg. A separate house parking space and a house lift complete the apartment package. If you have limited space and time, you can live wonderfully here in Salzburg!

Infrastructure

The property is not far from the city center near Aignerstraße in an apartment block from the 1970s. The Parsch district stands for a pleasant residential area with added value. You live close to the center, there are a few parks nearby and in general everything is very practical and not far away so that you can reach it on foot: petrol station with Spar-Express, tobacco shop, Borromäus Point, Pizzeria Piccolo, restaurant Chinesewall, Rose villa for breakfast or tax office. The transport connections are also great: the bus stop is practically on the doorstep and the S-Bahn station can be reached on foot in a few minutes. You can be in the city center or on the motorway in a few minutes by car and in the city quickly and practically by bike.
