Descripton of accommodation

The quietly situated apartment is located in the southern part of our newly renovated house and covers an area of approx. 80 sqm. It is accessible via a separate entrance and has a modernized bathroom with rain shower and integrated infrared heater as well as a well-equipped kitchen with hotplates, from which you also have direct access to the adjoining garden, which can be used communally. In the adjoining living area of approx. 15 sqm, there is a dining table and a comfortable (pull-out) couch.

From here, a spiral staircase leads to the upper floor with a light-flooded "gallery room" of approx. 50 sqm, in which there is a lounge area with a desk and sitting area, as well as a balcony with a view of the garden and the sleeping area with a comfortable double bed (1.80 m).

The sleeping area can be partitioned off with a room divider (curtain) if desired. Two full blackout blinds on the rear roof windows provide additional darkening at night.

The natural garden borders directly on the so-called "Alm" and thus ensures a peaceful atmosphere. The "Mühlbach" stream, which flows through the garden, can be used to cool off in summer by means of entrances.
