Descripton of accommodation

In the Glock mill, both rustic flair and modern architecture create a cozy living atmosphere.

Especially in the summer time this is the perfect place to escape the hustle and bustle and the heat - the proximity to the river combined with thick walls are cooling the house pleasantly and the sound of the water has a relaxing effect on body and mind.

The house extends over 3 floors. On the ground floor there is a cloakroom, a kitchen-living room, a toilet and access to the private terrace. On the first floor there is a bedroom with a separate bathroom. On the second floor there is the second bedroom from which you have direct access to a balcony and a bathroom with a bathtub.
