# **Sleeping options**

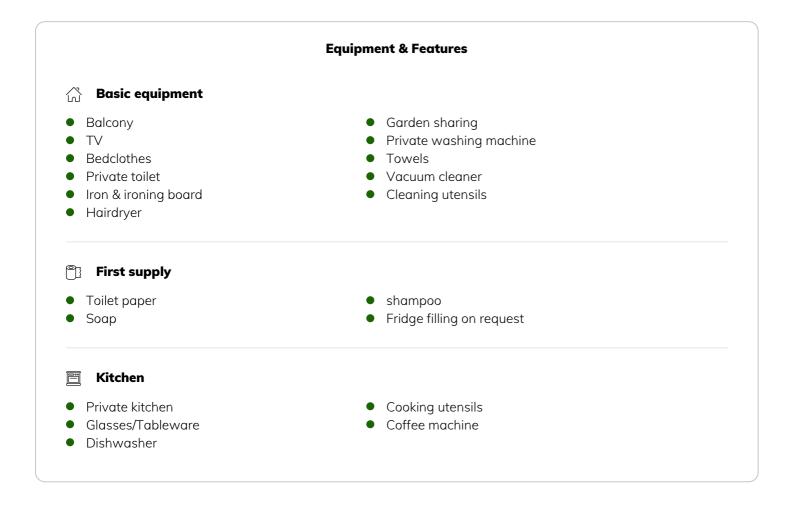

#### **Descripiton of accommodation**

The apartment is located in the popular district of Wilten in a building constructed in 1903. With great attention to detail, antique structures have been highlighted and combined with modern styles. The apartment, with its nearly three-meterhigh ceilings, is charming and functional, although a bit noisy. The separate living and bedrooms provide enough space and privacy for two people, making it easy to combine work and leisure.

The modern kitchen with a balcony and a view of the Patscherkofel invites you to relax. The apartment features a spacious, bright bathroom and a separate toilet.

In the immediate vicinity, there are restaurants, nightlife venues, a pharmacy, a medical center, shopping facilities, and the university. Across the street flows the River Inn, where you can find a pedestrian and bicycle path in a green area with ping-pong tables and benches for relaxation. Innsbruck is the perfect starting point for outdoor activities. Whether on foot, by bike, or using public transportation, you are quickly in the mountains and can enjoy the breathtaking landscape. The bus stop is only 50 meters away.

The building includes a small, well-maintained garden with a covered bicycle storage area. A small cellar compartment also belongs to the apartment.
