## Descripton of accommodation

complex with a total of 23 apartments

Attractive location within easy reach The residential complex boasts a unique, secluded location at the end of a quiet cul-de-sac, directly adjacent to a forest. Here you can enjoy the peace and seclusion of nature, combined with a wide, unobstructed view of the surrounding mountain ranges. Despite this idyllic location, your workplace and stores are only a short drive away, giving you the perfect balance between retreat and connectivity. The bus stop is just a two-minute walk away.

With 4 compact 50 m<sup>2</sup> apartments that come pre-furnished and are also suitable for short-term rentals - ideal for leasing employees, interns or anyone looking for comfortable, fully furnished accommodation for a limited time only.

Quality and sustainability combined Our high-quality building materials and modern furnishings guarantee a high quality of living in the long term. Each apartment is equipped with a fiber optic connection for fast internet, ventilation for fresh air and sun and insect protection. A special bonus is the walk-in wardrobe in carpentry quality - ideal for optimally organizing your home. Furthermore, all apartments are fitted with modern large-format tiles.

The spacious lounge in the basement invites you to spend sociable evenings with your neighbors and offers plenty of leisure opportunities with a jigsaw table and table tennis. The little ones are also catered for: a new playground with a garden shed offers a safe place to play and meet up. A freely accessible terrace area is available for the four apartments without their own balcony.

A well thought-out, barrier-free concept enables comfortable living for everyone. Two of the three floors are wheelchair-accessible, and spacious bathrooms make them easy to use.

An open-air parking space is included in the rent. In addition, we offer 28 covered parking spaces, 14 of which have an electricity supply and some with lockable compartments - ideal for bicycles, motorcycles and accessories. These cost between 50 and 90 euros per month, depending on the equipment and size.
