## Descripton of accommodation

An apartment in the right size!

The apartment is divided into a bedroom and living area with kitchen. As an interesting detail, there is a false ceiling above the kitchen, which forms a niche under the roof gable. This was set up as a small reading corner. There is also a bathroom with bathtub and toilet and a small storage room. You have enough space for living without getting lost in excessively large rooms.

Cozy and sunny!

The sloping ceilings and the large amount of wood in the apartment create a cozy, homely atmosphere that invites you to relax. The (roof) windows provide a lot of light and sun in the rooms. Electric external roller blinds are used to regulate temperature and light according to your wishes. The small roof terrace has sun practically all day long.

Completely furnished!

The apartment is ready to move in only with a suitcase - among other things because it is being offered as a sublease. Everything is really there that you need in everyday life, as it is used as a family residence for part of the year. Thus it is also noted that some of the boxes and stocks cannot be used. However, there is a lot of empty storage space in the apartment that you can easily stow away all your belongings.

Cooking utensils, various spices, towels, bed linen, ironing board, iron, clothes horse, hairdryer and the like are provided.

### Infrastructure

 3 Minutes, in front of the house

 15 Minutes with bus (F)

 15 Minutes, with bus or tram

 3-5 Minuten, right around the corner

 8 Minutes on foot, 5 minutes with bike, bus or tram

Central and still quiet - is that possible?

The apartment is close to the city center - 5 minutes by tram or bike or 12 minutes on foot. However, since it is turned away from the main road, towards the bike path, you are largely isolated from the street noise of the city and can enjoy the twittering of birds and the sound of the wind. If you bring your own car, you can safely leave it there for your entire stay in Innsbruck. The best way to get around here is on foot, by bike or by public transport - and much faster than by car. The bike path runs right behind the house.

Around the corner there are: doctor, grocery stores, shopping center West (pharmacy, clothing, post office, groceries, Hofer / Aldi, cafe, etc.), bus and tram stops.

Distances to various destinations on foot: clinic and main university 8 min; Inn promenade 6 min; Old town 15 min, center 10-15 min, botanical garden 5 min, other universities can be reached directly with train and bus in front of the house (15-20 min max)
