## Descripton of accommodation

A hip district and an impressive building. The outer Mariahilferstraße is an up-and-coming district (Viennese: Grätzl), which scores with a variety of pubs, shops and ideas. With the Westbahnhof station nearby, there is a very good connection to the public transport system (underground lines U3 and U6) and the city centre is easily accessible. The flat itself is located on the mezzanine floor of an impressive typical Viennese style old building from the turn of the century. Facing a quiet side street, you are isolated from the traffic of Mariahilferstraße, but have a tram station almost on your doorstep. This studio flat has a single bed, dining table, LCD TV and internet connection (WiFi) in the living room. A kitchenette is also available, as well as a washing machine in the bathroom, so you are also well equipped for longer stays!
