Descripton of accommodation

In the immediate vicinity of the City Center of Vienna, a beautiful and absolutely quiet two-room apartment with a south-facing balcony is offered in a luxuriously renovated Art Nouveau building.■■

It's so quiet because it is located in a small, little frequented side street of Praterstrasse right next to the Danube Canal. In addition, the apartment is not located in the front building adjacent to the street, but lies in the building in the inner courtyard.

And opposite the residential address you even find a small park - the Vesa Canetti Park.

Directly around the corner you are right on the Danube Canal with its wonderful leisure facilities such as a ship with big pool lying in the Donau Canal, on each side of which you have many small bistros and cafés. Very close you find the John Harris Fitness Center, and the Aspern Bridge, over which you can quickly get to the wellknown Ring-Strasse in the 1st District, where Vienna's most famous Grand Hotels are located.

The second district (also called "Mazzes Island" from the Viennese), on whose direct border with the 1st district this Premier City Apartment is located, has in fact become the hot spot of Vienna in recent years, not only for its lively young scene, but also for its proximity to the Augarten Park and the Prater meadows.

Besides, the apartment itself has everything a tenant could wish for: Style, comfort, tranquility, light and sun coming from the quiet south-facing balcony, and high-quality furnishings with pretty details.

This exclusive two-bedroom City apartment is a perfect melange for those who want to live in a beautiful place with flair in Vienna's Inner City.
